PRESIDENT'S CORNER

I'm extremely proud to be part of a service company that is celebrating **50 years in business** this year. It seems like just yesterday that I took over the day to day from my parents and the transition began... that was 1986!

Since that time, I have experienced a great deal of change (personally and professionally), and I'm amazed at how so much has changed in our business and yet some things have not. For example, the need to have a great team in place to make things happen day in and day out, is still critical to experiencing sustainable growth and success. We have an excellent team of committed teammates who work hard each day to make **Mister Kleen** the leading service provider we have come to be known as. From the front-line field employees to the headquarters team, it's a team effort!

We will celebrate our 50th anniversary this year and we will also look at how we can continue to improve and innovate our services, so we can bring greater value to our clients. We will not become complacent and comfortable with our past successes and more importantly we will look at how we can become better... so we will be around to celebrate our next significant milestone!

On behalf of the entire Clark family and all our dedicated team members, I thank you for being a part of our service family. We appreciate you and will not take you for granted.

Ernie Clark, CBSE
President

THANK YOUR CLEANER DAY

On October 16 we celebrated Thank Your Cleaner Day, a day observed every year throughout our industry to appreciate the work our cleaners do, which often goes unnoticed. Our teams work around the clock to maintain safe, hazard-free facilities for our clients.

“

I wanted to say how pleased I am with the crew you sent to clean the parking garage this past Saturday. It was very refreshing to have a crew show up and get straight to work. Everyone knew what to do, they had all of the equipment needed to do the job, and were very polite and professional, plus the garage looks fantastic! I look forward to working with **Mister Kleen** again in the future.

~ Client at a High Security Facility

“

I noticed a huge difference this morning and [the area] smells fresh and clean. You did an amazing job, and we truly appreciate your fast response. Thank you so much, Craig!

Security Meets Sanitation: The Role of Janitorial Teams in Threat Detection

In today's world, safety and cleanliness are inseparable elements of a well-managed facility. While janitorial teams are traditionally seen as the stewards of hygiene and appearance, their role has expanded into one that also supports security and situational awareness. Especially in secure or high-traffic environments, cleaning staff are on the front lines, uniquely positioned to notice potential safety or security concerns before anyone else.

KLEEN TEAM NEWS

We're proud to celebrate the hard work and dedication of our **Mister Kleen** team members! From keeping our facilities spotless to going the extra mile for clients and colleagues, your efforts continue to shine. [Read More](#)

EMPLOYEE TENURE

We are honored to recognize some of our amazing employees for their commitment to **Mister Kleen** with employee tenure recognition. To show our appreciation, we have a recognition program for employees who celebrate milestone anniversaries of 5, 10, 15, and 20 years. [Join us in Celebrating our Employees](#)

BUILDING EXCELLENCE COMPETITION

The Building Excellence Competition (BEC) is a special program designed to drive quality in our facilities and build pride, inspiration, and teamwork. The winner of the Building Excellence Competition is a secure government site in Northern Virginia. Congratulations to the Area Manager, Yolanda Rathbone, Supervisor Maria Elena Abaunza, and the team for outstanding service and dedication to Mister Kleen, our client, and each other – Great job!

NEW YEAR, ENHANCED CLEAN: PREPARING HIGH-SECURITY FACILITIES FOR 2026

As 2026 approaches, federal facilities and other government operations are preparing for new standards in security, safety, and performance. A well-structured cleaning and maintenance program plays a vital role in ensuring mission readiness, protecting assets, and maintaining compliance with federal requirements.
