I'd like to take a moment to thank you for sending the Special Services floor technicians this past weekend. They did an outstanding job cleaning our carpets—remaining professional, dedicated, and focused from start to finish. What stood out most was their commitment to completing the work without interruption. While breaks would have been completely understandable, their work ethic truly made an impression. Our tenants have also expressed how pleased they are with the results. I wanted to be sure the team receives the recognition they deserve.
